**Full-Stack Developer** building scalable web applications and automation solutions using C#/.NET, React, JavaScript, Python, Node.js, and SQL. Known for solving complex technical problems, automating workflows, and translating business needs into reliable software solutions.

## EDUCATION

### Bachelor of Science, Information Systems

Apr 2027

Software Development Emphasis | STEM-Designated Technical Program

*Brigham Young University - Marriott School of Business, Provo, UT*

GPA: 3.9

Member of the Association for Information Systems, BYU Developers Club

Relevant Courses: C#/.NET Programming, Database Systems (SQL), Enterprise Web Development (React/ASP.NET)

### Associate of Science, Software Engineering

Apr 2024

*Ensign College, Salt Lake City, UT*

GPA: 4.00

## TECHNICAL SKILLS

**Development:** C#/.NET, JavaScript, React, Node.js, Python, Java, C++, SQL, HTML/CSS, Bootstrap

**AI & Automation:** LLMs, Prompt Engineering, AI-Assisted Development, AI Agents, Power Automate, PowerShell

**Cloud & Tools:** AWS, Git, ServiceNow, Jira, Microsoft 365, Entra ID

### Project Experience:

Family Recipe Web App (React, Node.js, SQL) – Built full-stack recipe platform with relational database and AI-powered recommendations – 2026

Nonprofit Full-Stack Web App (JavaScript, Node.js, SQL, AWS) – Developed client application with database integration and cloud deployment – 2025

## EXPERIENCE

### IT Product & Process Manager Intern

Jul 2026 – Present

*The Church of Jesus Christ of Latter-day Saints, Riverton, UT*

Cut record processing time 60%+ by developing AI and Power Automate workflows for personalized communications

Developed PowerShell and ServiceNow automations to streamline enterprise IT workflows and operational processes

Supported software lifecycle processes across application changes, deployments, testing, and production operations

### Information Systems Technician

Jan 2026 – Jul 2026

*Provo City, Provo, UT*

Built PowerShell interface for 5 technicians, automating onboarding, password resets, and user lookups

Resolved Microsoft 365, software, hardware, and network issues supporting technology across city departments

### IT Support Specialist II

Feb 2025 – Sep 2025

*Trucordia, Lindon, UT*

Reduced manual workflows 80% by developing AI and PowerShell automation, saving labor costs

Accelerated access provisioning 40% using Microsoft 365 and Entra ID, reducing ticket volume 30%

Automated device onboarding, reducing setup time 94% while improving configuration accuracy

### Global Support Tech Generalist

Sep 2021 – Feb 2025

*The Church of Jesus Christ of Latter-day Saints, Salt Lake City, UT*

Managed 300+ monthly ServiceNow tickets, reducing response time 25% while maintaining 92% satisfaction

Resolved Windows/macOS issues for 50+ users weekly, minimizing downtime across global operations

### Volunteer Representative – Native Portuguese

Sep 2017 – Sep 2019

*The Church of Jesus Christ of Latter-day Saints, São Paulo, Brazil*

Trained groups of 70+ and led 20+ volunteers across service initiatives and diverse communities

## OTHER ACHIEVEMENTS

Best Performance Award, Smart Building & Robotics International Summer Program, China – 2026

Interests: Piano performance, volleyball, pickleball, basketball, Marvel movies, world news
